

The background of the image is a blurred photograph of an emergency medical scene. A patient is lying on a gurney, and medical equipment, including a monitor and various tubes, is visible. The scene is dimly lit, with a blue light source visible in the background. A large, diagonal red and blue graphic element runs across the bottom right corner of the image.

EMERGIVAC

Rapid medical and armed response intervention
with private hospital admission guarantee

WHAT IS HEALTHCARE FOR? IT'S TO PROTECT YOU AGAINST THE BIG ONE.

Whilst offering a number of value-added services (VAS) experiences, the core benefit and differentiator in the marketplace is EMERGIVAC's hospital admission guarantee – more pointedly, **private hospital admission guarantee**.

EMERGIVAC is **not a medical aid**, but a solution that plugs a hole in a market defined in medical aid terms, offering affordable cover for those who cannot afford a medical aid and would otherwise be excluded from effective treatment.
